

GBG ASSIST EMERGENCY SERVICES

Third-Party Administrative Services

Help is just a phone call away . . .

GBG Assist's customer service is multi-lingual – providing support for 180 languages 24 hours a day either online or by toll-free hotline.

In the event of a medical emergency, GBG Assist members can count on highly trained and experienced case managers, trained nurses and a medical director to work as a team to manage all aspects of a case, from the initial contact to safe arrival back to their home destination.

About GBG Assist

The essence of outstanding health insurance comes in the form of customer service, and a cornerstone of GBG is the worldwide expertise of GBG Assist. GBG Assist offers 24-hour assistance to answer any customer need around the world – including emergency evacuation, if necessary – no matter the day or time.

GBG Assist operates via a state-of-the-art operating platform with hubs located around the world to serve every time zone. In three fully-connected 24/7 platforms, GBG Assist employs nurses, case managers, facilitators, and coordinators that will assist members when they need emergency care.
