How do I find a doctor?

To find a doctor, you can go to <https://portals.gbg.com/ProviderSearch/ProviderSearch.aspx?Network=WMN>. Simply enter the name of the country in which you would like to find a doctor. It will then show a drop-down menu for you to select the city or region that you are located in. Once you select the city, press **Search** and it will show you a list of providers in your area. GBG maintains an extensive international Preferred Provider Network. You are not required to use this network; however these providers may bill GBG directly for their services. This keeps you from having to pay up front and submitting a claim for reimbursement later on.

What is GBG Assist?

GBG Assist is able to provide assistance on all medical services and assistance on emergency medical situations. GBG Assist is a phone call away, 24/7, 365 days a year, to serve your needs. In the event of a medical emergency, LewerMark members can count on highly trained and experienced case managers, trained nurses and a medical director to work as a team to manage all aspects of a case, from the initial contact to safe arrival back to their home destination.

GBG Assist Highlights*

- Pre-trip informational assistance
- Medical case management and review
- Medical evacuation and/or repatriation
- Repatriation of remains
- Emergency translation/interpretation assistance by phone

For medical emergencies and assistance with your medical care, please contact: Worldwide Collect: +1.905.669.4920

How do Air Ambulance, Medical Evacuation, and Medical Repatriation work?

In the event of an emergency that may require medical evacuation, contact GBG Assist in advance in order to approve and arrange such Emergency Medical Air Transportation. Approved medical evacuations will be to the nearest medical facility capable of providing the necessary medical treatment. If you can no longer meet the eligibility requirements of this policy due to medical reasons, GBG Assist will make the determination if medical repatriation to the home country of residence is necessary. GBG Assist will coordinate return to the home country of residence.

What is a Bedside Visit? If you are confined in the hospital due to an injury or illness or in critical condition for more than seven days, GBG Assist will pay the cost of one economy round trip air ticket to the place of hospital confinement for one person. This benefit also includes the cost of reasonable hotel accommodation adjacent to the hospital.
